

 **SPECIAL PROJECTS**

## Turnkey Services from Electrical Professionals

At Dynalectric San Diego, our technicians are ready to respond to virtually any special projects that develop with professional, turnkey solutions. Our special projects team tackles **incidental construction projects as they arise**, providing swift design, installation, retrofit, upgrade, repair, and maintenance solutions.

### Any Size Project at Any Phase

As a full-service electrical contractor, our special projects team is prepared to work on everything from the smallest upgrade to the most complex system installation. We provide a complete range of electrical contracting services to end-users, building owners, and construction companies. We can assist you at any phase of a project, whether during the design, construction, or maintenance stages for renovation, fit-outs, and more, and our team is prepared to furnish, install, and maintain a vast array of electrical systems.

### One Standby for Rapid Response

Even with comprehensive maintenance scheduling, facilities can face electrical problems at inconvenient times. That's why we offer emergency electrical services 24 hours a day, seven days a week. Our electricians are on-call, ready to respond at a moment's notice, providing you peace of mind that even

in the event of an unexpected failure, we are ready to get your system up and running with minimal downtime.

### Access Full-Suite of Services with One Phone Call
